# MEYER PRESENTS PROBLEMS

On Wednesday, November 15th, Henry Meyer, Grade School Superintendent presented a vital letter to the Illinois School's Problems Commission, that was holding a public hearing at the Libertyville High School.

The Problems Commission is composed of Legislatures from both houses of the state and appointee from the Governor. The purpose of the Commission is to help draft and promote legislature aimed at the public schools of Illinois. They conduct meetings throughout the State to permit schools, administrations, board members and citizens to present their problems or ideas.

In his letter, Meyer made reference to the many requirements that are placed on the local schools by the state. Some of these requirements are way

above the schools financial means.

Mr. Meyer said in his letter, "While it is probable that few educators would argue with the lofty ideals of the O.S.P.I. (Office of the Superintendent of Public Instruction), it seems ludicrous to start requiring more extensive and better educational services at the very time when many schools are being financially forced to drop some of their long-standing and traditional programs.

It is acknowledged that the O.S.P.I. does have a wide range of administrative powers, but this writer and many others, believe that a moratorium must be called on new educational demands, until such time as priorities are re-examined and finances are available for their implementation..

The long-standing traditional

programs that Meyer refers to are such programs as: Home Economics, Band, shop and sports. Because of a financial squeeze all of these programs were dropped.

An example of one of the State's difficult requirements, is the regulations on "learning centers" that are required to be in each building.

According to Meyer, "The size and the extraordinary equipment that is required to be maintained within these learning centers is out of line with the reality and the ability of the schools."

Mr. Meyer feels that the learning centers are of great value, but it is important they are developed over a long period of time and be of a reasonable size, because of the

Several committees were formed at the Village Board meeting last Monday. Mayor Toft appointed an Election Committee to go over Marilyn Sterbenz's recommendation that the Village be divided into

two precincts for the village Elections. It is Sterbenz's contention that there is such a large number of registered voters that it will be very difficult to handle them all in one precinct. Board members,

Weber, Walsh and Nelson were appointed to investigate the possibilities.

Mayor Toft also appointed a Human Relations Committee, indicating that this should possibly be a standing commit-

tee. The Human Relations Committee was sparked into being by the Antioch Humanis-

Toft further appointed a Mass Transit Committee comprised of Bartlett, Walsh and Barnstable. The Committee will handle problems and issues arising from the formation of a mass transit system in Lake County.

At the same meeting the Board voted to rescind the stock order on the Triton Development. The Board decided that the problem should be worked

out between The Triton Developers and the Soo Line Railroad concerning the storm water problem.

The Board decided to rent a parking lot on the corner of Park Avenue and Main Street for the month of December to facilitate Christmas Shopping in the area. The possibility of the Village purchasing that property will be looked into. The Off-Street Parking Committee and the Plan Commission will examine the area East of Main Street for the possibility of turning it into a park and parking lot.

### A TIME TO GIVE THANKS

"To every thing there is a season, and a time to every purpose under the heaven:

A time to be born and a time to die; a time to plant and a time to sow:

A time to kill and a time to heal;

A time to break down and a time to build up;

A time to weep and a time to laugh; a time to mourn and a time to dance;

A time to cast away stones and a time to gather stones together; a time to embrace and a time to refrain from embracing;

A time to get and a time to lose; a time to keep and a time to cast away;

A time to rend and a time to sew; A time to keep silent and a time to speak;

A time to love and a time to hate; a time of war and a time of peace." (Ecclesiastes, Chapter 3, 1-8).

How poignant and timely this verse of long ago rings forth today. Thursday is a day set aside for thanks, thanks for those that we love and cherish, thanks for the ground we live on and the food we eat, thanks for the clothes we wear and the roof over our head, thanks for our American heritage and for our hopeful futures, and the reasons for giving thanks can continue on and on. Try to take a few minutes this Thanksgiving to give thanks for all of these things, for that is the purpose of this season, a time for thanks.

Editor:

As president of the Easter Seal Society of Lake County, Inc., I wish to extend my sincere thanks for your cooperation in our recent Walk-A-Thon. We received complete coverage in all areas, and it was a major element in the success of the event.

We have realized presently \$5,500 in collected pledges, and hope that the pledges will continue to accumulate.

We have made one step toward the re-issuing of the therapies suspended in July of 1972.

Again our thanks, and hopes for continuing liaison.

### GRADE SCHOOL BOARD HAS FULL AGENDA

Many important items were discussed and decided upon at the Grade School Board meeting on Tuesday the 121st.

Along with the usual business of granting their approval of the minutes of the regular board meeting, the special board meeting, the payroll, the bills etc., the board granted approval of the transfer of \$4,000 from the Educational Fund contingency budget category to the Educational Supply category of the budget. It should be noted that this was a transfer within the budget and not an addition to it. The transfer of funds was made to allow for the purchase of necessary "softwares". "Softwares" are such things as library and audio-visual material, including: library books, tapes, overhead projection materials, etc.

The Board also passed a motion to remain silent in the Diamond Lake No. 76 class action suit against the Lake County Board of Supervisors and the County Treasurer. The Board was faced with three alternatives in this case they could either join the suit, withdraw from it or remain silent, which would include the schools as plaintiff in the suit.

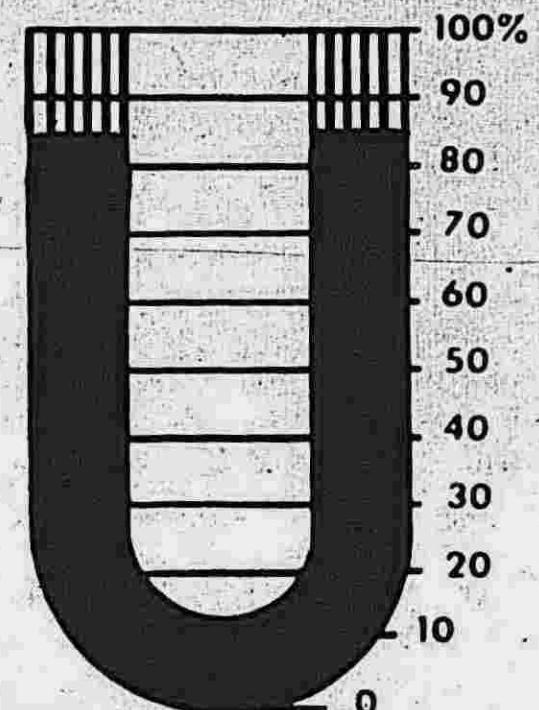

Bids were taken in regards to the purchase of the two new buses and the trade in of the two old busses. A decision was not reached at the meeting however, and the matter of the new busses will be studied further.

Revenue Sharing was briefly discussed. As a result of the Revenue Sharing program, the State of Illinois will be receiving 91 million dollars this year. This does not include the revenue going to local units of government. It is hoped that when this money is redistributed by the State rather than by the Federal Government, that a portion of it will go to the schools. How much or what portion the schools will receive is unknown at this time.

## NOTICE

# MARY CARNEY'S QUEST FOR LIFE

The will to live is a precious reality that can not be denied. sometimes a person will fall on the winter ice and will lie there on the sidewalk, with nothing but the wind knocked out of them, and will shut their eyes and wait to die. Other people will refuse to surrender this precious thing known as life no matter what their physical state may be. Antioch's Mary Ann Forbrick Carney is one of these people who is just not about to die.

Last July, Mary was in a very serious car accident that took the life of Mrs. Judith Frasch and Mrs. Shirley Kasik. Mary emerged from the wreck alive, but not in very good shape to say the least. She suffered head wounds, a compound fracture of her left arm, her stomach was distended as was her chest caved in. She was also bleeding internally. The foresight of a doctor at Mercy Hospital, in Janesville, Wisconsin, who upon examining her, sent her immediately on to University Hospital in Madison, should be congratulated. This decision obviously saved her life.

On the staff at University Hospital is Dr. Joseph A. Moylan. "Dr. Moylan is a traumatologist, and his job is to make quick assessment of the sustained injuries as the leader of a team of specialists, determining who'll do what and who'll do it first. Maybe it will take a brain surgeon first to push back death, or an open heart surgeon, a urologist, or a respiratory expert. The traumatologists does some of the tasks himself and other specialists are minutes away. He's got nurses at his command and laboratories for intricate tests." (Wisconsin State Journal).

Through the efforts of Dr. Moylan and his staff and Mary's strong will, she began to improve. The accident occurred on the 3rd of July and by the 8th of August, Mary was on her way back to Antioch, where she had lived all of her life.

Today evidences of the accident are barely visible when you meet Mary. No one would ever guess that this smiling, young, warm person has been through such an ordeal. This close brush with death has taught Mary many things, and when asked what special message or advice she could give to others she said, "All I can really say is to be prepared, anything can happen and you really have to be prepared for anything."

Mary has had an experience

MARY CARNEY

people too. She said that everyone has been great; and have been so concerned and willing to do just anything to help. She said these people that she is referring to are not just her family and friends, but people that she does not even know. People that were in the hospital with her in Madison as well as people who were camping at the same camp site in Wisconsin, have written her to see how she is. And a memorial fund was created here in Antioch to aid the three stricken families.

Mary is 31 years old and has three children, Cindy 10, Billy 8 and Bobby 3. Bobby was in the accident too. Luckily he was wearing a football helmet, as little boys often do, out of season as well as in. Because of this protection, he was only to receive a few stitches in the back of his head.

Having just completed physical therapy on her arm, Mary is done with the doctors for now, and is feeling really great.

However she has lost her sense of smell and taste, and her memory sometimes plays funny tricks on her, but these things are beginning to return as is the strength in her left arm. Mary hopes to return to nursing at the Victory Mem-

orial Hospital in Waukegan in the spring.

Although many tragic things have happened to the Carney's this year, a strong feeling of thanks is sure to prevail in their household this Thanksgiving.

financial burdens they could present.

Meyer also pointed out that it looks like there is a very good possibility that the elementary schools will soon be required to maintain a social worker and a psychologist for each district and a counselor for each grade school in the district.

"I am not opposed to these additional staff members as such, but I am opposed to them at such a time when we have just been forced to drop home economics, band, shop and sports. Long standing programs should still take priority over some of these other things," said Meyer.

**GRASS LAKE BOARD ACTS****TO REMAIN MEMBERS OF CLASS ACTION SUIT**

The Board moved at their November meeting to remain members of a class action suit involving the withholding of monies for the extension and collection of taxes by the County Office. Also on the agenda was a discussion of the drainage tile overflow in front of the school. During the rainy weather, water does not drain from the area properly and causes many problems when the winter weather arrives.

Supt. Hart reported to the board on the Annual Illinois Association of School Boards

Convention in Chicago beginning on November 18th. The new Circular Series 160 A for

the Recognition and Evaluation of Illinois Schools was presented. Highlighted in the series was a written program to be submitted from each school district in helping to determine the schools status. Standards for Media programs and adding more required subjects to the curriculum were also noted.

The remainder of the program specified requirements for proper qualifications and certification for teachers and special instructional personnel.

A contract for Mrs. Ronna Spiwak was approved. Mrs. Spiwak will replace Mrs. Kathleen Ross who will be moving from the Antioch area.

**REFERENDUM IN  
THE HANDS OF  
THE PTA**

Last Wednesday night 35-40 P.T.A. members gathered in the Commons of the High School. The purpose of this gathering was to organize support for the up-coming referendum that will be run on the 16th of next month.

The group picked two co-chairmen to head the referendum committee. They are Roger Andrews and Sophie Thain. A general presentation pep talk was given on the importance of the referendum.

The group also attempted to formulate questions that will undoubtedly be asked of them by the general voting public. The parents broke into discussion groups, with a group and a group leader for each grade school district. The group leader will act as a captain to stimulate interest in the referendum in that particular district.

The P.T.A. does not always take such an active interest in such matters. However, three or four years ago, the P.T.A. joined together and supported the bond issue that had already been defeated many times before, and were able to push it through. That is exactly what this years P.T.A. hopes to do with the present referendum.

**ZONING  
HEARING**

A public hearing will be held at the Antioch Savings and Loan Association Building on November 30th at 7:30 p.m.

This zoning hearing concerns Walker H. Curnes, his wife Anita, contract sellers, and Joseph Nuccio, contract purchaser. The above stated are in the process of petitioning the Village of Antioch for a change in property zoning. The petitioners wish to have the current R-4 Two Family Dwelling District zoning changed to R-5 Multiple Family Dwelling district Zoning. If the zoning is so changed it will permit the builders to construct multiple family units for housing, as condominiums and rental units.

All persons desiring to appear and be heard, for or against the petition are invited to do so.

## The Time Machine

70 YEARS AGO, NOVEMBER 20, 1902

Frank Chinn went to Grayslake, Monday, where he has accepted a position in a livery stable.

N. S. Burnett left on Monday for Springfield as a delegate to the grand lodge of I.O.O.F. which holds their annual encampment this week.

50 YEARS AGO, NOVEMBER 22, 1922

On November 22, 1922, two thousand people attended the celebration and opening of the new road in Antioch. During a short parade, Mr. King, a member of the board of local improvements, stepped out of a car and formally opened section 6a of Route 21, to the public. Following the parade a short program was held on which Mr. Russell, County Superintendent, also added that Wisconsin would make every effort to complete the Cement Road South to meet the Antioch Road through Salem.

"Les" Crandall returned home from his hunting trip in Wisconsin Monday bringing home a deer.

Chicago Footwear Company's big Boot Guessing Contest closed last Saturday night. The guesses varied all the way from 6 pounds to 150 pounds. It weighed only 23½ pounds. First prize, Mrs. William Gelden, Lake Villa, 25 pounds. Second prize, Mrs. Adam Dibble, Antioch 26 pounds. Third (boobie) prize, Mrs. Clara Haling, 150 pounds.

25 YEARS AGO, NOVEMBER 20, 1947

"Miss Adventure" a Comedy presented by the Junior Class was attended by a large crowd. Miss Jeanette Darrough's direction of the play helped to make it such a huge success.

Mrs. Frieda Schmidt entertained a number of friends and members of Antioch Rebekah Lakeside Lodge at a dinner and party at the N. V. Reynolds home in Lake Villa.

10 YEARS AGO, NOVEMBER 22, 1962

On November 18, Antioch High School held its Dedication Ceremonies. A display of historical paintings by Jackie Horton drew the attention of many of the 600-700 people who attended the dedication.

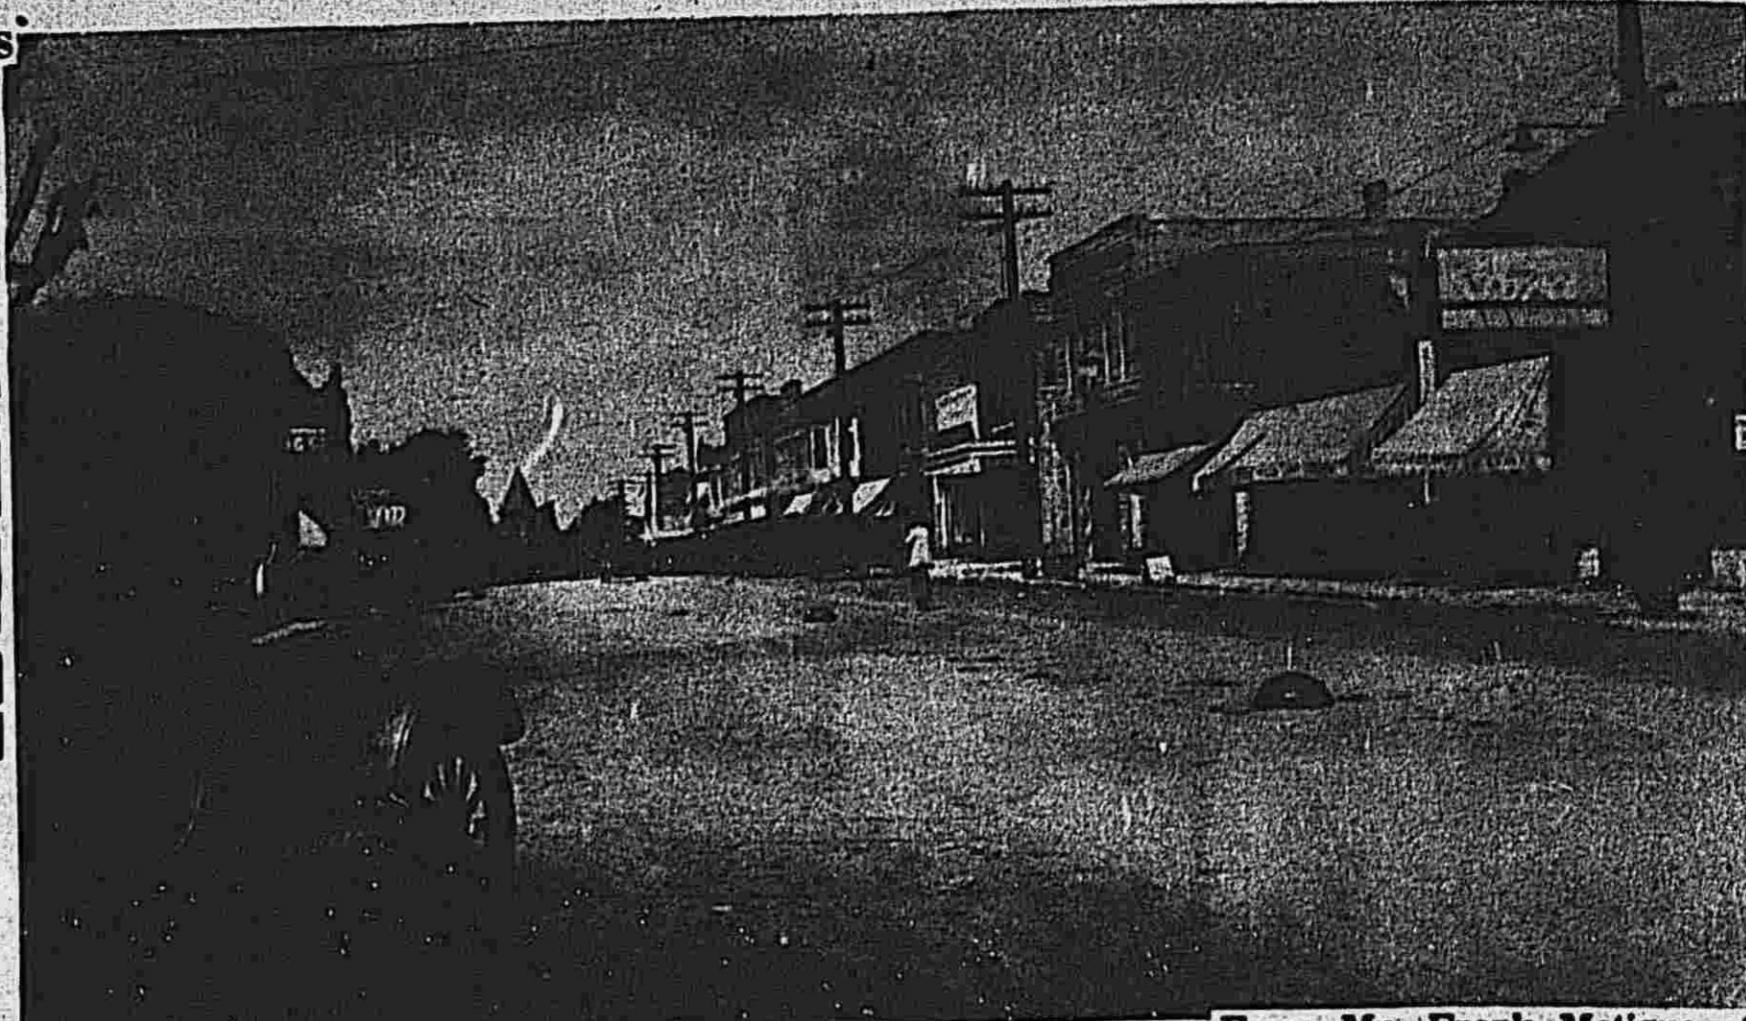

November 14 a son was born to Mr. and Mrs. Ronald Anderson at Victory Memorial Hospital.

### KITCHEN FIRE, \$1,000 DAMAGE

There is nothing worse than a pre-season fire, especially when the fire occurs in the kitchen, one of the most vital spots in any home. Sad to say that such a fire happened in Antioch this week, damaging the kitchen of Mrs. Giordano, of 295 Hazelwood Drive. Mrs. Giordano had been cleaning the kitchen walls, undoubtedly preparing for the up-coming holidays, with a gallon of paint and varnish remover, when it tipped over on the kitchen stove. It ignited and a flash fire followed, causing damage to the range, kitchen cabinets, and walls. The damage was estimated at \$1,500. Luckily no one was hurt, but it is quite possible that the Giordano family will now be going out to eat this Thanksgiving.

### STORM WATER PROGRESS

Charles McBrice of the McClure-Lekman Engineering company made a presentation concerning the storm sewers at last Monday's Village Board Meeting. The company was hired to make a comprehensive storm water mapping. They presented the Village with contour topographic maps and stated that the middle of January will be the completed target date for the completion of the storm water plans.

### Remember When?

REMEMBER WHEN? We don't, but we know that all it takes sometimes is a little reminder to jerk a memory and bring back recollections of those days gone by. Each week we print an old photo submitted by an Antioch resident. Some we will be able to identify. For others, we leave it to you to search your own mental scrapbook. Call us if you can identify a photo. Better yet, if you have a memorable photo to share, bring it in to the office.

### TROUBLE WITH VANDALS

up the damage.

In addition to the glass damage several cannister type smoke bombs were hurled into the building scorching the floor tile.

The Antioch Police Department didn't lose much time and were able to apprehend the vandals who struck on both nights.

At that time the six juvenile's who were involved, were placed on supervised probation and their parents agreed to make restitution for the property damage.

These parents have not all

kept to their agreement however. Four of the involved families have completely paid for their share or have begun making payments on their debt. But two of the families have made no effort at all even after they were notified by the Grade School Board.

Since the Board has not gotten any results from these people they have authorized Henry Meyer, Superintendent, to write a letter to the State's Attorney, in hopes that his authority will bring some results.

Charles McBride of the McClure-Lekman Engineering company made a presentation concerning the storm sewers at last Monday's Village Board Meeting. The company was hired to make a comprehensive storm water mapping. They presented the Village with contour topographic maps and stated that the middle of January will be the completed target date for the completion of the storm water plans.

### Remember When?

REMEMBER WHEN? We don't, but we know that all it takes sometimes is a little reminder to jerk a memory and bring back recollections of those days gone by. Each week we print an old photo submitted by an Antioch resident. Some we will be able to identify. For others, we leave it to you to search your own mental scrapbook. Call us if you can identify a photo. Better yet, if you have a memorable photo to share, bring it in to the office.

### TROUBLE WITH VANDALS

up the damage.

The Antioch Grade School system is still troubled with the vandals, who damaged the new Upper Grade School building last June.

At that time on two separate nights (June 5th and 6th) a group of grade school boys threw rocks and shattered numerous windows. This little frolic cost the school approximately \$13,000. This figure does not include the cost of boarding up the broken window and overtime hours put in by maintenance personnel to clean

In addition to the glass damage several cannister type smoke bombs were hurled into the building scorching the floor tile.

The Antioch Police Department didn't lose much time and were able to apprehend the vandals who struck on both nights.

At that time the six juvenile's who were involved, were placed on supervised probation and their parents agreed to make restitution for the property damage.

These parents have not all

kept to their agreement however. Four of the involved families have completely paid for their share or have begun making payments on their debt. But two of the families have made no effort at all even after they were notified by the Grade School Board.

Since the Board has not gotten any results from these people they have authorized Henry Meyer, Superintendent, to write a letter to the State's Attorney, in hopes that his authority will bring some results.

## AMERICAN LEGION AUXILIARY

by: Del Jahneke

"The future belongs to Those Who Prepare For It" was the slogan used for the Leadership Development Training Course, held by the 10th District American Legion Auxiliary at the George Alexander McKinloch, Jr. American Legion Home in Lake Forest, on Sunday, November 19th.

According to Mrs. S.M. Hayes, Baxter Evans Unit, District Leadership Training Chairman, some 50 Unit members were there for the six hour seminar. Assisting Mrs. Hayes in the presentation of this course were Mrs. Florence Adams of Chicago, State Leadership Chairman; Mrs. Harry Aschan, Rockford, 2nd Division Chairman; Mrs. Joseph Hogue of Waukegan and Mrs. Philip Strand of Libertyville.

"This course is designed to bring out the best leadership qualities inherent in every individual. The goal of every member a trained leader will not be realized for some time, but we have made a good start" concluded Mrs. S.M. Hayes. Refreshments were served by the Baxter Evans Unit members.

Sparkling silver and red tinsel, and brilliant baubles of blue, gold and green give a gaily decorated Yuletime atmosphere to the annual Christmas Gift Shop of the 10th District American Legion Auxiliary, to be held at Downey Hospital, December 6th, 7th, and 8th. This Christmas Gift Shop will be in the Volunteers' Room, Building Four, from 9:00 a.m. to 4:00 p.m. and is held strictly for the benefit of the Downey Hospital patients.

Crammed with cuddly toys, dolls, games, airplanes, trucks, cars, scarves, purses, cologne, etc. is this shopping mall with a nice variety of gifts for young and old alike. The hospitalized veteran visits the shop, and personally selects a gift for every member of his family. He writes enclosure cards, and the Auxiliary volunteers first wrap the present as a Christmas package, then wraps it and addresses it for mailing. Later, all gifts are mailed, with no indication that these gifts come from the Auxiliary. All this - gifts, wrapping and mailing are done by the Illinois American Legion Auxiliary, at no cost whatever to the veterans.

Mrs. Richard Stastny, Mundelein, State Downey Hospital Director and 10th District rehabilitation chairman, explains that these Christmas Gift Shops are held in all VA (Veterans' Administration) and state hospitals throughout Illinois. This program is made possible through contributions from the 900 Units in the state and state rehabilitation funds.

State Deputy Downey Hospital Directors, Mrs. Philip Strand, Libertyville, and Mrs. Henry Reinke, Waukegan, (An Antioch Unit Past President)

say that volunteers are always needed in this important phase of the rehabilitation program. Auxiliary members wishing more information should contact Mrs. John L. Horan, Antioch Unit President.

"Thursday, December 7th, is Civil Defense Day and December is the Civil Defense Month" informs Mrs. Philip Cole, Highland Park, 10th District Civil Defense and Emergency Planning Chairman, "civil defense means being prepared to take the responsibility of ACTION in case of disasters. With knowledge of what to do in cases of emergencies, we can and will survive". Mrs. Cole urges local unit civil defense chairman to support local, county and state civil defense officials. She suggests the home study course of three months entitled 'Civil Defense, U.S.A.' and the taking of first aid courses. People should be planning not only for possible war disasters, but also learning

### Social Notes

Girls to be invested are Andrea Anderson, Kim Burdick, Sherry Haisman, Shenandoah Cardwell, Margaret Kelly, Tracy Kerby, Genelle McKenna, Roberta Magrio, Jackie Muse, Kristin Rock, Donna Ruggles, Carolyn Stanley, Robin Wertz, Ann Marie Dagen and Rebecca Horton. Those who will receive one year pins are Tina Dahlberg, Laura Mattson, Michelle Mizzano, Kerry Rock, Laura Sankey, Kathryn Skupien, Patti Smith, Rene Stephenson and Janine Willett.

Mrs. Ed Dahlberg, Leader, invites all the parents to the ceremony, and states that refreshments will be served afterwards.

Mrs. Clarence Larson, Noble Grand, Mrs. Wayne Jones and Mrs. Walter Buchert of Antioch's Lakeside Rebekah Lodge No. 82 were guests of Libertyville's Rebekah Lodge, held in the Masonic Hall, on Thursday, November 16th. The occasion was the honoring of their District Deputy President of District No. Three, Mrs. Viola Vickery of Libertyville. The next meeting of the Lakeside Rebekah Lodge will be held at the Antioch American Legion Home, on Wednesday, December 6th, at 8:00 p.m. Initiation of new members will take place that evening. Mrs. Larson, Noble Grand, will be the presiding officer.

how to cope with floods, tornadoes, hurricanes and other natural disasters".

Mrs. John W. Horan is the civil defense chairman of the Antioch American Legion Auxiliary No. 748, and she will readily obtain booklets and pamphlets regarding the civil defense program for anyone wishing more knowledge of this vital program.

## WOMEN OF THE MOOSE

Antioch no. 735

Junior Graduate Regent Judy Page was honored at the Green Cap Special Program held at the Moose Home on Nov. 16th. There were 120 in attendance. Chapters represented were Cicero, Des Plaines, Fox Lake, RiverGrove, Zion-Benton, Waukegan and Janesville, Wis. Of these, thirty-seven were Academy of Friendship members, eleven Star Recorders and fourteen college of Regents. Thirteen Loyal Order No. 525 members of Antioch were also present. Special guests were Past deputy Grand Regent Magdalene Remsing of Des Plaines and the current Deputy Grand Regent of Illinois, Lorraine King, of River Grove. In order for the Junior Graduate Regent to wear the coveted Green Cap, the chapter must make its award of achievements the previous year.

The co-workers presented an engraved plate, cup and saucer to Judy and a gold key with six hooks. On each hook was an inscribed disc, depicting Judy's

## Christian Science Churches

Jesus proved sickness has no power over man when he healed the man in the synagogue in St. Luke 4. This is brought out in the Lesson-Sermon on "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced" at Churches of Christ, Scientist, this Sunday.

From Science and Health with Key to the Scriptures by Mary Baker Eddy this citation will be read: "Mankind must learn that evil is not power. Its so called despotism is but a phase of nothingness. Christian Science despoils the kingdom of evil, and pre-eminently promotes affection and virtue in families and therefore in the community."

Services at First Church of Christ, Scientist, BEACON HILL, Rte 173 and Harden, Antioch, Illinois begin at 11 a.m. All are welcome.

## THANKSGIVING DAY

### SERVICES

### AT CHRISTIAN SCIENCE CHURCH

Thanksgiving Day services open to the public will be held Thursday, November 23, at all Churches of Christ, Scientist, in the area.

The service at First Church of Christ, Scientist, Rte 173 & Harden, Antioch, Illinois will start at 11 a.m.

Keynoting the Lesson-Sermon on "Thanksgiving" is this passage from the Bible: "Rejoice evermore. Pray without ceasing. In every thing give thanks: for this is the will of God in Christ Jesus concerning you."

The nature of true gratitude is emphasized in commentary to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, including this citation:

"Are we really grateful for the good already received? Then we shall avail ourselves of the blessings we have, and thus be fitted to receive more. Gratitude is much more than a verbal expression of thanks. Action expresses more gratitude than speech."

Hymns of gratitude, including "A Grateful Heart A Garden Is," "Day By Day The Manna Fell" and "Our Tribute, Thanksgiving", will be sung by the congregation.

There is no clergy in the Church of Christ, Scientist. The service will be conducted by Mrs. Evelyn Greer, the First Reader, and Mrs. Mary Adams, the Second Reader.

"Sing Unto The Lord", a new song will be sung by the soloist,

### THE LINDQUIST BROTHERS

The Lindquist Brothers, nationally known musical gospel team will appear for "Life Begins Services," in the Antioch Evangelical Free Church of Antioch, Tiffany Road at Highview Drive, November 26-29, 7:00 p.m. Sunday and 7:30 p.m. Monday-Wednesday.

The Lindquist Brothers are known for their inspirational music. Musical selections will include vocal duets and solos to the accompaniment of electric guitar, banjo, mandola and "Accordio-organ", a newly invented instrument which combines both accordion and organ into one.

Evangelists, Royall and Edsel Lindquist will be the guest speakers for the meetings here.

Stanley Gamble, accompanied by Mrs. Ida Koberstine, the organist.

Individual expressions of gratitude by members of the congregation will be a feature of the service. No collection of any kind will be taken, and all are invited to attend.

THE TRUTH THAT HEALS  
WJJ-AM. the Christian Scientist Radio Station will not broadcast this December or January.

### APPEAR AT FREE CHURCH

Besides evangelism, their experience includes that of pastor, youth director, chaplain and radio and TV work. Their evangelistic tours have taken them to South America, across the United States and Canada as well as to Alaska where they flew 8,500 miles in small aircraft, conducting meetings in little Eskimo villages as well as in larger cities.

Each of the Lindquist Brothers are graduates of Trinity Divinity School of Chicago. Royall is also a graduate of Moody Bible Institute also of Chicago.

In the campaign in Antioch, this talented team will be heard each night in special features such as musical fiesta, gospel cartoons and gospel magic.

Pastor Bernard C. Fosmark and friends of Antioch Free Church extend a cordial welcome to hear the Lindquist Brothers November 26-29 at 7:30 p.m.

## GLORIA GRIPPANDO APPOINTED RESEARCH CONSULTANT

Mrs. Gloria M. Grippando, Coordinator of the Practical Nursing Program at the college of Lake County, was appointed Research Consultant for project PRAIRIE by the Office of the Superintendent of Public Instruction. She attended a training workshop November 16-17 at the State House Inn in Springfield. PRAIRIE is a statewide plan relating to Practitioners and Researchers Acting to Involve Research in the improvement of Illinois Education. The ultimate goal is to bring the practitioner and researcher closer together in order to more effectively solve educational problems and to make more intelligent decisions about Illinois education.

## BJ'S TO HOLD GRAND OPENING

Just in case you have not noticed Antioch has a new store on Main Street. It is a men's store and it goes by the name of BJ's Men's Fashions. The store has been open for business since October 9th and this week starting Friday, November 24th they will be celebrating their grand opening.

Many great things will be happening during this week of the celebration. Each customer or visitor to the store will be invited to go on a treasure hunt. They will be given a number upon entering the store and will be invited to find the matching corresponding gift, if possible, that will be located somewhere in the store. A grand drawing will also be on the list of festivities and the main prize that will be given away is a \$120 leather jacket. Another unusual feature is that along with almost any purchase you will receive a free corresponding gift. Refreshments will also be served.

William Patterson is the owner of the store and he is a five year resident of Antioch. BJ's prides themselves on being a friendly place and Mr. Patterson does a fine job of conveying such a feeling. Stop in and see him and help him make his grand opening a success.

Owner of BJ's Men's Fashions and Salesman Ron Evans demonstrate some of the stores well known friendliness as they get ready for their Grand Opening that will start this Friday. (Staff Photo)

## GIVE A DARN

Mental and Physical retardation is a fact of life and can hit anyone at anytime. Much is being done to help the retarded, to help make their lives more productive and happier. The Grove School of Lake Forest is such an institution, which serves as an educational treatment center for the exceptional child.

In order to raise needed funds Grove School will be holding their Annual Christmas boutique and Bake Sale. The event will be held at the Grove School for Retarded Children, 40 East Old Mill Road, Lake Forest, Illinois, on Saturday, December 9th between the hours of 12:00 p.m. and 5:00 p.m. in the school library. There will be free door prizes and free refreshments. Those interested in attending this event can reach the school by taking the Edens Expressway to Route 22, then west on Route 22 to Ridge Road, which will take you directly to the school grounds. See you there.

## CHIEFS AND SQUAWS BUSY WITH FALL PROJECTS

## SEQUOIT SUZIES

MEET

The Sequoit Suzies 4-H Club met for its second meeting of the year on November 2, 1972 at the home of Gail West. Liz Benes and Laura Miller were co-hostesses.

Some of the special features on the club program included a speech and slide presentation by Linda Lagerstrom on the Washington Short Course which she attended. Also, Mrs. Van Patten spoke to the girls on stitchery. Throughout future meetings the members will actually be doing their own stitchery. For Christmas the club has decided to make candied Christmas trees which they will distribute at an orphanage.

The 4-H'ers in the club are currently learning Leathercraft techniques. Mrs. Dorothy Auxier, leader of the group, has been busy attending classes on Leathercraft so she can pass these talents on to the club members.

The Chiefs and Squaws meet every Tuesday after school to work on their projects.

### BURELLS ATTEND CAMPGROUND OWNERS CONVENTION

Mr. Mrs. Chuck Burell of Timer Lake Park, Antioch, Ill., attended the recent National Campground Owners Association Convention in Colorado Springs, Colorado. Nearly 350 campgrounds from all parts of the United States and Canada were present at the three day meeting. It was the largest national meeting of private campground owners ever held.

The campground owners discussed the progress and problems of their rapidly growing industry and heard a series of addresses by nationally known authorities in the campground and outdoor recreation fields.

Almost every state and several Canadian provinces were represented at the convention. All segments of the expanding private campground industry were on hand including

during which time the latest styles were modeled. From ladies sportswear to winning furs, cruiseline and holiday apparel were also featured.

Following an elegant dinner, the guests danced to the music of Bob French.

## "SEQUOIT HAPPENINGS"

### BITS AND PIECES

By: Taffy Engelhardt

The Sequoits played a very close, competitive basketball game against East Leydon Friday night. We played a very good game but East Leydon were the victors with a score of 64-60. The sophomores should also be commended on a fine victory, after 2 tense overtimes. The Sequoits are looking good and I'm sure we'll prove our strength at the Turkey Tournament over the Thanksgiving weekend.

Speaking of Thanksgiving, our Thanksgiving assembly will be held this Wednesday. Pastor Phillip O. Laurin will lead our thanksgivings and Swing choir will sing for us. There will also be a game that evening. The other two games of the tournament will be held Friday and Saturday night.

Rick Johnson, a 1972 graduate, has been seen around the school a lot for the past two weeks. Not for good but thanks to him, we now have music in the cafeteria.

Mr. Brooke's Acapella Choir sang at two churches to give the group some performing experience and also to better communications with our community.

A Club had a meeting and recreation night last Tuesday evening.

Everyone is looking forward to Thanksgiving vacation. In the halls you hear plans varying from catching up on sleep all weekend to sunning in Florida. Whatever your plans are, have a nice Thanksgiving weekend.

There has been a poem going around school lately that has held meaning for many and I've had a few requests to print it, so.....

Dear God,

Why does mommy cry when she looks at me?  
I went to my room for my dolly and mommy cried.

She picked me up and held me close to her.

I like when mommy holds me in her lap.

Mommy smells pretty. I wish my puppy smelled like mommy, then Maggie could sleep with me and keep me warm at night.

God, why doesn't Roy come home any more?  
I heard my mommy and daddy tell him to get out.  
Why did they say that to my brother, God?  
Daddy says I can't talk to him anymore.  
He used to come and see me and Maggie play ball out in the park.  
He said when I get bigger I can blow grass and punch needles in my arm. What does that mean God?  
I like to watch grass when the winds blow, and I like to pick a blade of grass and blow it between my fingers.  
But I won't punch holes in my arm - cuz they aren't pretty.

God, why does mommy have a black dress on?  
She doesn't look pretty with puffy eyes like I have when I cry because she spanks me.  
Why is daddy crying, God?  
What's in the pretty box?  
Is it for me, God?  
Why are they putting it in the ground?

Where's Roy?

### MY KIND OF SEASON

With the sun rippling over the trees, as it casts its rays on the early morning dew, I saw a young cottontail rabbit nibbling on some tender shoots of a small maple sapling. I glanced at a small pond, not more than 200 feet away, and saw a pair of wild mallards gracefully take off into the horizon beyond. This type of action, in the early morning, is common in the country, not more than 50 miles from the Chicago area, where some kids probably don't even know what mallard ducks or cottontail rabbits are.

Fall, the season in which some people say everything dies off, in my mind, is just the opposite. Every tree there is, that I can imagine, comes to life with color. Too numerous to mention, the colors can only be appreciated if seen by your own eyes.

The fall migration of birds from the North, is another spectacle that baffles everybody but mother nature. How the geese and ducks know exactly where to go, for example to Horicon National Wildlife Refuge, from thousands of miles away, will hopefully never be found out. I say hopefully, because in my opinion, man wasn't meant to know everything about such fascinating creatures.

With the splendor of trees, and the view of familiar V overhead, with their unmistakable Er-onks in the background, you then realize to thank God for fall, especially on Thanksgiving.

Ed Anderson

### STUDENT COUNCIL STUDYING (SIS) AND STUDENT COURT

Student Council has begun efforts to implement Self-Imposed Schedule (SIS) at Antioch. Under the system, students receiving the permis-

sion of their parents and teachers will be excused from various classes on certain days in order to concentrate study in weak areas.

Council has begun by studying the feasibility of such a program at Antioch High. A committee chaired by Wendell Burris is in the process of contacting several schools in which this system has previously been employed with much success.

The Council also took action on the beginning of Student Responsibility and Student Court. Pictures have been taken and buttons issued for Student Responsibility. The workings of the Student Court have yet to be determined but progress is being made in that direction.

The Student Council would appreciate any help and/or suggestions which any members of the student body could provide. With their help action can be taken more quickly on these matters.

### SNOW?

As I'm sitting here writing, snowflakes are drifting past the window, swirling and pirouetting. It's a beautiful sight, and I can't help getting a feeling of immense contentment and well-being. Seeing the world encased in a snug, protective covering of cotton makes one feel secure. Everything is pure and enchantingly unreal.

But I seem to be the only one 'experiencing' this excitement. The kid next to me is asleep at his desk, and a kid setting next to a large window is reading the funnies. What is wrong with these people? Is there no romanticism in there soul? Has the fire of imagery been snuffed out? Here they sit, a few feet from a veritable 'winter wonderland', and they don't even acknowledge that it's there, except to mutter a snide remark that "the lousy snow is gonna screw up the ball game." I can't understand this kind of behavior. Could it be that take it for granted?

How anybody could take it for granted is beyond me. I mean it's such a drastic change - everything from green to white - that it should be a fresh experience every year. To see icicles hanging from the branches of a tree: beautiful crystalline structures refract-

ing the light into different colors, this scintillating work of art bespeaks the talented touch of Nature.

One reason I'm so intrigued by snow is because I've never seen it before, having moved up from Florida. But I sincerely hope that it never loses its' enchantment.

Randy Murphrey

### BASKETBALL '73 The Winning Sequoits

This year's basketball team has great potential for going through a season with a fantastic playing record. They have some key lettermen back, with a good crop of juniors ready to fulfill open positions available to those who are willing to work and show they are best for the job.

This year's squad is relatively short compared with last year's excellent team. They lack a tall man to play high post man, but there is a lot of weight under the boards that can be used to Antioch's advantage.

Outside shooting is a main factor in the outcome of most games. Tim Meure is a fabulous shot. He, along with Charlie Chapman, should give us great outside shooting.

Under the boards, Glen Amundsen and Mark Andrews should block out and really do a good job rebounding.

The fifth position is still up for grabs. There are plenty of juniors that are capable to

perform most satisfactory outcome.

Last Friday's game against East Leydon was a good showing for that fifth position - Vic McGuire, John Janosko and Mike Gutowski all showed real talent. The game was played almost equally on the part of each team. The height factor was a problem with Antioch. But the boys played a fantastic game the first time out. The breaks just fell the opposite way.

The Barrington Turkey Tournament, this Wednesday, Thursday and Friday should show the real talent of the Sequoits this year.

Tom Pfaehler

### Astro-Chart

Week of November 24-30

**ARIES** (March 21-April 20): Family discord can be smoothed over this weekend if you demonstrate diplomacy, sincerity. Even though your mate may be disagreeable, it's up to you to make an effort to patch things up. Money matters that have been worrying you could ease somewhat through some unexpected good fortune.

**Taurus** (Apr. 21-May 20): Friday is an excellent day to begin doing something positive to realize a secret ambition. Career aspects make this a time to move into the limelight. Additional responsibilities and enhanced income opportunities may be yours for the asking. Romantic matters should be put aside this week.

**GEMINI** (May 21-June 21): If your spirits have been sagging lately, a shopping trip Friday or Saturday could be the cure. Watch your grooming because you may find yourself thrust into the social spotlight. Accept invitations. You're likely to be pleased by the new associates you may meet Tuesday or Wednesday.

**CANCER** (June 22-July 21): You have a natural tendency to be extremely practical, but there's a bit of the daydreamer in you, especially where romance is concerned. Take care of your health and maintain your energy by getting plenty of rest. Don't make any hasty conclusions about a potential social partner.

**LEO** (July 22-Aug. 22): Good news is on the horizon, after a quiet weekend at home. It could come through a letter or some other contact with a relative or friend you haven't seen for some time. Work is likely to be routine this week, but you'll be busy planning outside activities.

**VIRGO** (August 23-Sept. 22): A period of uncertainty in your career and social life is ending. Self-esteem and confidence should be at a peak early in the week. A time for making decisions involving your future Monday through Wednesday.

**LIBRA** (Sept. 23-Oct. 22): A good time to inventory assets. You may find that something you've been planning is unrealistic. Use the weekend for personal reflection, rest. Moon in your sign Wednesday and Thursday indicates a period of harmony in personal relationships. An excellent time for making new friendships.

**SCORPIO** (Oct. 23-Nov. 22): Recognition can be yours because of a special talent or ability. Money problems may be troublesome Friday or Saturday, but your prestige is due for a boost, and this could lead to greater income, perhaps through a raise associated with new responsibilities.

**SAGITTARIUS** (Nov. 23-Dec. 21): Caution indicated, especially where travel is concerned this weekend. Avoid trips if possible. You'll be in a good mood early in the week. Associates and co-workers likely to prove especially cooperative. Your support is eagerly sought.

**CAPRICORN** (Dec. 22-Jan. 20): Speak up for your ideas, whether at work or in social group. You have natural leadership abilities and they should be utilized. For the unmarried, the weekend could bring pleasant new social associations. Romance is in the air!

**AQUARIUS** (Jan. 21-Feb. 18): The post-holiday weekend has you in a festive mood. Why not plan a weekend party for those special friends? Take care not to offend someone you've been neglecting. Career aspects appear favorable Tuesday and Wednesday. Now is the time to ask for that promotion. Superiors look with favor at your contributions.

**PISCES** (Feb. 19-March 20): A happy and harmonious holiday period is indicated. You may feel a need to get away over the weekend, but don't be upset if you have to postpone any travel plans. Family problems can be solved if you display patience. Monday begins a favorable period for creative projects.

AIR FORCE  
DELAYED  
ENLISTMENT  
PROGRAM

Master Sergeant Kuczala, local Air Force Recruiting Representative, has announced that now is the time interested High School Seniors think about the Air Force's 180 Day Delayed Enrollment Program.

The delayed program was specifically designed for high school seniors who desire active duty in the U.S. Air Force upon graduation. This program is threefold: (1) it guarantees your school (2) it guarantees you a pay raise; (3) is deductible from your total military commitment.

Full particulars on the Delayed Enrollment Program can be obtained by contacting Sergeant Kuczala at 211 W. Water St., Waukegan or by calling 623-8290.

Notice of Proposed Filing  
To the Patrons of the Illinois Bell Telephone Company:

The Illinois Bell Telephone Company hereby gives notice to the public that it has filed with the Illinois Commerce Commission, under Advice No. 3462, a change in the Rate group classification of the Antioch Exchange. The reclassification of this exchange is in accordance with present tariff provisions and reflects the growth in the present terminal availability in the local flat rate calling area. The change will result in increased exchange rates for the Outer Metropolitan Service offering.

A copy of the proposed filing may be inspected by any interested party at any business office of this Company in Illinois.

All parties interested in this matter may obtain information with respect thereto either directly from this Company or by addressing the Secretary of the Illinois Commerce Commission at Springfield, Illinois 62706.

Now that you know what kind of wheel covers, and wheels you should get, how about deciding on the tire?

The standard equipment tires mounted on a car by the automobile manufacturer are designed for normal driving and operation of that particular model.

Yet, there may be need in your own car-operating activities to buy something other than the standard equipment tires.

There is some confusion about tires and the language used to describe them. Here are some definitions to help make tire language more clear:

The standard equipment tires on the car you buy - depending on make, model and car size - may be a 2-biased-ply type with no belts, which are good - with respect to wear, traction and road handling. Alternatively, they may be a 2-biased-ply type with belts, which are better, or a radial-ply type with belts, which are judged to be even better.

Some belts in belted bias tires are made of woven steel-wired strands. However, most are made of glass fiber or rayon, and are considered to be the longest-lasting. Radial-ply tires are available with either the steel-woven belts or the rayon belts.

**A plug for easier starting in colder weather.**

Remember the mornings last winter when you turned the ignition key and nothing happened? If your neighbor wasn't around to help, you might have waited and waited for the service station truck. This year you can save time and money with an easy-to-use electric starting aid.

There are several types to choose from, and all run on regular house current. Simply plug one in at bedtime, and your car's off to a quicker start in the morning.

One combination—a tank-type preheater and trickle charger—can have the effect of a heated garage for your engine and battery. The tank-type unit fits outside your engine and heats and circulates the coolant.

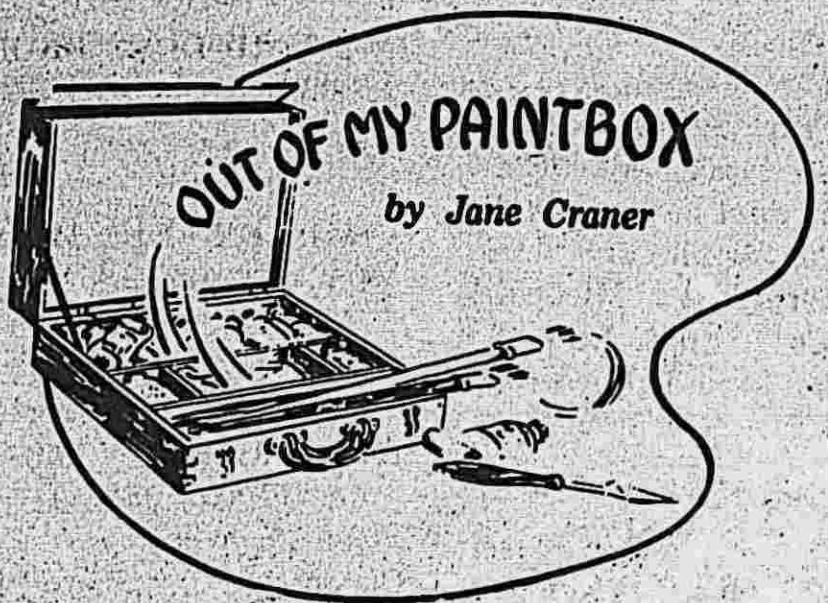

The trickle charger both warms your battery and keeps it at full charge.

Another kind—a freeze-plug engine heater—replaces the freeze plug in the engine block. If you're buying a new car, your dealer may offer this as an option.

There are several other kinds of effective electric starting aids, too. Your auto service station or supply store can tell you which devices are best suited for your car.

**WATER COLOR.....**This term can apply loosely to any paint that uses water as its vehicle. This would include temperas, gouache, caseins and polymers. Here, we will be concerned with transparent water color which has the distinction of not using a white pigment which makes colors opaque, but instead uses the whiteness of the paper to lighten colors. Because of this significant difference, with transparent water colors we use a new set of procedures for application.

However, we need to know first what materials are needed. The quality of the paint differs greatly from a small four pan set as used in grade school to fine artist quality in tubes. You can learn procedures from using the most simple, but for really exceptional results you will have to buy the best quality. Cheap colors leave a grainy surface in the wash areas, looking like particles of dust, and the colors are apt to look faded or washed out, even before attacked by strong light. These school type boxes of pan colors come in four, eight, or twelve color sets. Professional brand tube colors have nearly fifty different colors to choose from. For example, Paynes Gray is a must in water color and it is only available in tubes.

Brushes, too, vary in price. The sable is the best for all practical purposes in watercolor painting. Several different sizes in both flat and round shapes would be useful. The sable is soft enough to lay a thin wash over a dry color and not disturb that underneath layer of paint. But in watercolor, where effect is needed, you will find that "puppy dog tails" must be

used. That is, used crumpled rags, sponge, steel wool, or whatever you dream up to give your painting that magical touch.

About supports - in order to do a decent water color you need quality paper. Pure rag paper of very heavy weight will buckle less, shrink less, and take colors best, but it is very expensive. You will have to experiment with different kinds of paper to learn about absorbancy. Even a blotter could be useful if you wanted the paint to be sopped up quickly and defused into a blur. The other extreme would be to use such a hard surface paper that the puddles of color would remain in place without adhering to the surface, like water on a greasy plate. Experimenting with all kinds of paper will give you surprising results.

There are several ways of stretching paper for painting. The first is to soak the paper for several minutes in a clean sink, then lay it on a drawing board. Start at one corner and let the wet paper down gradually, working to the opposite corner. Wetting the board does help prevent dry spots which trap air bubbles. Never rub your hands over the top wet surface as this will roughen or disintegrate the paper. The edges can now be held securely with gummed tape. Moisten the tape under the tap, and do not touch the glued side with your fingers lest you remove some of the glue. Cover about a half inch of the edges of the paper with the tape. Sop up excess water with paper towels. You can paint immediately on the paper or wait until it dries tight.

Paper can be wet and laid on drawing boards or any smooth

surface without being taped down. This procedure is fine for quick spontaneous sketches. The paper will dry somewhat curled, but can be flattened if the back is dampened carefully and then laid down to dry with magazines for weights.

Paper can be stretched over wooden stretchers, the kind used for stretching canvas for oil paintings. Again soak the paper, then lay it over the frame, and simply staple one side down then gently pull the other side over the frame and staple it. Do the same for the other two sides. Care is needed to keep the soft, wet paper from pulling apart and to even the tension both ways. When paper is put on a frame in this manner it dries drum tight and never buckles in any painting procedures. Very thin paper, such as rice paper, can be stretched in this manner if it is soaked on top of a piece of cloth and stretched right along with it.

**JIM MOULIS MOST POPULAR ROOKIE**

Jim Moulis of Antioch (Fox Lake Harbor) who was voted the most popular rookie of the modified drivers of the I.R.A. (Interstate Racing Association) for the 1972 racing season received 4 trophies and a check at the I.R.A. banquet at the Illinois Beach Lodge Saturday night. He finished 11th over all in point standing. He was the

only rookie in the final 100 lap championship race at Wilmot and finished tie for 4th.

Twice he set fast time at Lake Geneva Raceway and Waukegan Speedway where his time was 13.66 and the track record is 13.58.

He finished 7th at Waukegan, 18th at Wilmot, and 13th at Lake Geneva and had 7 wins overall.

**GYMKAHANA**

The Northern Illinois sports Car Association is sponsoring a Gymkahana on Sunday, November 26, 1972, at Our Lady of Humility Church, 1801 Wadsworth Road, Zion, Illinois.

Registration starts at 12:30 pm with first car off at 1:30. Entrance fee is \$4.00 and \$3.00 for military. Spectators are welcome free. Trophies will be awarded to the top ten percent. The event will be cancelled if it is raining.

For further information call 662-2034 or 872-2290.

## LEO'S TO JOIN LIONS

At the High School Board meeting last Wednesday night a new club (or should we say "cub") was born. The board gave their nod of approval for the formation of the Leo's Club. The Club will be sponsored by the Lions Club and all students between the ages of 15 and 20 are eligible to join.

It was important for the Lions to get the sanction of the school, since it is likely that meetings will be held at the school as well as announcements made through the system. These particulars have not been worked out as yet, however.

All students may apply to join the club, both boys and girls. But the Club will have to maintain a membership of at least 50 percent male in order to meet national regulations.

Once the Leo's Club is formed they will have their own board

Johnny Reimer again topped all drivers in the super modifieds winning three separate track titles. Here he receives one of his awards from Miss Illinois IRA, Miss Schroeder. (Staff Photo)

of directors, etc., and they will develop service projects and then follow them through. Members will be required to be active in all of these service projects.

According to Mr. Milo Bailey, who presented the proposal of the formation of this new club to the Board said, "The kids shouldn't really belong to any other service clubs, if they do, there will more than likely be a conflict of interest and a question on what deserves

priority." Mr. Bailey also commented that the Leo's Club will not cause the school any additional expense, by any means.

The High School has a similar existing club that is called the Interact Club which is sponsored by the Rotary Club. The Interact club has been more than successful up to this point, and it is hoped that the new Leo's Club will follow in its footsteps of success.

# SEQUOITS PLAY CLOSE GAME

The Sequoits were downed 60-64 in a close game against East Leyden last Friday night. It was the first game of the season and the Antioch gym was filled to near capacity with screaming cheering fans.

The game was a fast and close one as both teams traveled quickly up and down the court. Tim Mieure was to sink the first basket of the season, scoring the first two points for Antioch. He played a great game scoring a total of 21 points.

The score remained close throughout the game. However, in the second quarter the Sequoits were downed by 10 points, but they quickly gained ground and ended the quarter downed by only 6 points as the score was 36-42.

Another close call came in the third quarter as they were behind by 8 points, but the team really pulled together and

ended the third quarter only trailing by 2 points with the score 50-52.

Victor McGuire, a 6' 2" junior played an excellent game scoring a total of 14 points and making seven rebounds and two assists. Mark Andrews was right in there shooting too. He scored a total of 12 points, and made 17 rebounds and 3 assists. Player Mike Gutowski came close to fouling out with four personal fouls, but he hung in there scoring 8 points for the Sequoits and making 7 rebounds and 7 assists. John Janosko, was not as lucky as he fouled out in the second quarter, but before he left, he was able to score 2 points.

In reference to the game, Coach Andrews said, "Our kids played the game well. The team work was very good. Even though we were at a disadvantage due to our lack of height,

the kids did a fine job of rebounding."

When asked what the teams weak spots are, Coach Andrews commented, "The team is weak in the area of being able to adjust to changing defenses, but this is mainly due to inexperience."

Andrews further observed, "If for the rest of the season, the kids play like they did on Friday night, we will win a lot of ballgames."

The enthusiasm that was displayed by the crowd was ear shattering if not earth shaking. And one of the most enjoyed highlight of the game came when Terry Olson appeared in the middle of the floor with a red trash can that was filled with spirit.

## INTER-ACT TO SPONSOR LAKERS GAME

The Antioch Inter-Act CLUB is sponsoring the Lake County

Lakers basketball game here on December 2nd.

The Lake County Lakers are a professional basketball team and the defending champions of the Continental Basketball Association. The C.B.A. is comprised of six teams: The Lakers, The Rockford Rockets, The Decatur Bullets, The Grand Rapids Tackers, the Flint Pros and the Pontiac Cappers.

The Inter-Act Club will receive half of all advance ticket sales. Last Thursday the boys sold tickets at the Rotary Club and asked the Rotarians to buy blocks of tickets to sell in area businesses.

Victor McGuire sinks a basket demonstrating some of the Sequoits skills at last Friday's game. It was the first game of the season and the players showed real potential. (Staff Photo)

## THANKSGIVING PRAYER

*Dear God, on this Thanksgiving Day  
Help us to feel the thanks we say;  
To know that it is none but Thee  
Who causeth thankfulness to be.*

*Thankfulness for simple things  
Like sun and rain, a bird that sings;  
For children's hands that fold in prayer  
Relying on Thy loving care.  
Thankfulness for blessings of the past,  
For dear ones who are safe at last;  
For faith which in all future days  
Trusts only One to guide our ways.*

*Charlotte Carpenter*
